Following discussion, President Mackintosh instructed that the minutes be revised to reflect that he requested each Board member to provide him with reasons pro or con regarding remaining with Cal Fire or creating a stand-alone department.

ON MOTION by Director Burke, seconded by Vice President Alifano, the Board voted unanimously to approve the Consent Calendar as amended. Motion passed 5-0.

7. CONTINUING BUSINESS

A. Review and Approve District Comments to San Mateo County Civil Grand Jury Report – “Going Backward or Forward” (April 25, 2012)

   President Mackintosh suggested combining Items 7A and 8E.

ON MOTION by Vice President Alifano, seconded by Director Riddell, the Board voted unanimously to combine Items 7A and 8E. Motion passed 5-0.

   Attorney Savaree stated that draft responses to the Grand Jury Report are in the packet for tonight’s meeting, and additional information is included in Attachment No. 2. Attorney Savaree requested direction regarding the language in the response to Finding No. 5. Board discussion occurred regarding the response to Item No. 5.

   Cal Fire Chief John Ferreira provided a lengthy response to Vice President Alifano’s inquiry regarding Cal Fire employee turnover, and Board discussion occurred.

   President Mackintosh read suggested language for the response in question and posed it as a motion as follows:
That the Board notes that the statistics used by the Grand Jury apparently did not originate from Staff, and the numbers cited either do not match District's information or are restricted in scope. The Board, therefore, submits the following for consideration: It is the Board's opinion that this information materially alters several sections of the report. The Board disagrees with the assertion that the majority of the firefighters are not local and contends that the majority of the firefighters either live within the county or have lived within the Coastside for a substantial period of time. On the employee turnover, the total staff at the time was 36, not the 22 reported.

President Mackintosh said he would then attach the numbers that were given to the Board, and he is ready to accept the numbers that Staff has provided in Attachment No. 2.

As to the building inspections numbers, the remark suggested by President Mackintosh is that the data is incomplete and does not include data from the time prior to transition, and then include the data shown under Business Inspections.

Director Burke asked that President Mackintosh email the draft Motion to each Board member before it is voted on at the next Board meeting.

The Board received public comment from a member of the audience.
