

Can We Find You?

We have noticed that your address is:

- Missing
- Obscured
- Difficult to read

An illuminated address with 4 inch contrasting letters can speed the arrival of emergency responders to your door.

A reflective, contrasting address at the street near your driveway can help us find your property quickly.

Address Laws:

2007 California Fire Code:

Section 505.1 Address Numbers.

New and existing buildings shall have approved address numbers, building numbers or approved building identification placed in a position that is plainly legible and visible from the street or road fronting the property. These numbers shall contrast with their background. Address numbers shall be Arabic numerals or Alphabet letters. Numbers shall be a minimum of 4 inches high with a minimum stroke width of .5 inch.

Coastside Fire District Local Ordinance:

Section 505.1.1 Premises Identification.

New Residential buildings shall have internally illuminated address numbers. Where buildings are located remotely to the public roadway, additional signage at the driveway/roadway entrance leading to the building and/or on each individual building shall be required by the Coastside Fire District.
